NOTES TO THE ACCOUNTS AS AT 31st MARCH 1997

1) ACCOUNTING POLICIES

Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and include the results of the company's operations which are described in the Directors' Report and which are continuing.

The company has taken advantage of the exemption in Financial Reporting Standard No.1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

Turnover

Turnover comprises Rental from Property Income, Management fees from consultancy on property Development and from the Sales of Developments owned by the company. All receipts are on a cash received basis.

Work in Progress

Work in progress is valued at the lower of cost or net realisable value if in the Directors opinion the realisable value of the property is below the total project cost.

Tangible Fixed Assets

Tangible fixed assets are stated at cost or valuation less depreciation.

No depreciation has been charged on freehold properties. This is contrary to the accepted Standard Statement of Accounting Practice and is adopted because these properties are held for investment purposes and are maintained to a sufficiently high standard to not allow any diminution in value.

Depreciation is provided at rates calculated to write off the cost of other fixed assets, less their estimated residual value, over their expected useful lives on a 25% straight line basis

2) TURNOVER

Turnover is analysed across the various activities as follows:-

	45,612	158,412
Sales of Property Rental Income	0 45,612	118,000 40,412
